## Acceptance Letter

<b>Author's Name</b>	Duy Nguyen Minh Le, Huy Gia Le , Hai Thanh Hoang, Vu Anh Hoang
<b>Paper ID:</b>	IJETAE_1223_384
<b>Paper Title</b>	XBert - A model for Hate Speech Detection in Vietnamese Text

**Dear Author**

This is to inform you that your paper submitted for publishing in IJETAE has been accepted based on the recommendations provided by the Technical Review Committee. IJETAE Team would like to request you to go through the correction/changes as specified by the reviewer in order to increase your paper quality. By this mail you are requested to proceed with the copyright and publication fee submission. Please analyze the following Reviewer's Comments and make changes in the Camera Ready Copy in order to increase your paper quality.

Paper Status:	Accepted	Accepted after minor changes	Rejected
<ol style="list-style-type: none"> <li>1. The abstract does not help to understand the need for this paper and the impact of this paper. The need for the research can be defined in terms of problems identified in the current technologies, and the impact is how they add value to human life. And these aspects are missing from the abstract.</li> <li>2. The introduction section also does not explain the need for this research. Introduction to hate speech is okay, but it does not establish any facts for the need for this research and its impact. If all the big companies are allowing users to post content and also have mechanisms to remove content then what is the problem? The content framing is not going very well.</li> <li>3. The paper does not discuss the existing research. If the companies can remove content then that means they have a strong means to work on it. The authors could have studied such research and figured out what has not yet been done. This paper lacks in the presentation of strong research around it.</li> <li>4. Please prepare camera ready paper as per IJETAE paper template format.</li> </ol>			

You have to complete all formalities (Camera Ready, Copyright and Publication Fee Submission) on or before November 25, 2023 failing to which your paper may be subjected to rejection.

IJETAE Team congratulates you for this achievement.

Regards

**Editor in Chief**
